## DAILY EVENING BULLETIN,

SATURDAY EVENING, DEC. 10, 1881.

No more at tap of drum he starts  
And down the course goes flying,  
The beating of his nimble hoofs  
In yonder distance dying;  
Nor up the home-stretch, reaching out,  
To make his best endeavor,  
For Tom has closed his record book  
And goes no more forever.

The river is falling to-day.

LICENSE to wed was granted to-day, by the clerk of the county court to Jacob Seever and Miss Mary Beam.

THE Japanese Tea Party at Aberdeen, last night, for the benefit of the M. E. Church realized nearly \$50.

A NEW locomotive was placed on the Kentucky Central road, Maysville Division, yesterday. It is a very fine one.

MR. W. W. BALL, on Friday, disposed of his dwelling house in the "brick row," for \$3,200, cash. Robert Ficklin, jr., was the purchaser.

MR. F. MARSH, disposed of Mr. W. W. Ball's lot on the Fleming pike, on the 7th inst., to Mr. Charles P. Cook, of the firm of Cook & Clark. The price paid was \$205.

The John L. Rhoads of the "Big Seven" line passed down this morning for St. Louis. The big Wyoming of the same line passed up for Pittsburg, with a big trip of freight.

ED. FITZGERALD is not a candidate for Jailer, having withdrawn from the race. His friends would have been much pleased at his promotion to a more lucrative office, but the general public will be gratified to have him continue in the office he has filled so acceptably the past year. He is a candidate for re-election as Marshal.

FRANK R. PHISTER has a great variety of beautiful goods suited to the requirements of the holiday trade. The stock has been selected with great care, and will be found to embrace many artistic and useful articles. He makes a specialty of fine stationery, of which he has a large supply. The public is invited to call and look at the stock.

PREPARATORY to removing to other quarters A. R. Glascock & Co. announce a sweeping reduction in prices on a variety of goods named in an advertisement elsewhere. As the articles mentioned are in everyday demand the opportunity thus offered is a most excellent one for the public to provide themselves at a low cost with these articles. Glascock & Co. in addition to the inducements named are offering bargains in their general stock which includes a great deal that is suitable for presents this holiday season. Go and see them.

### Swift and Sure.

The Langdon & Allison Combination will appear at the opera house this evening in the new drama Swift and Sure, a play full of action, interest and fun. The principal characters in the piece are taken by Minnie Oscar Gray, W. T. Stephens and the three educated dogs, Romeo, Zip and Hero. The dogs are the most wonderful ever seen on the American stage. The following stars appear in specialties before the drama opens: The Bookers who do an unequalled eccentric act, Miss Tillie Antonio the neatest song and dance lady now before the public, Ripley and Reed who get music out of anything from a bootblack box to a violincello and Miss Isabel Ward in her exquisite performance on the xylophone and steel bells. Taken altogether the company is one of the best we have had this season.

## MASON COUNTY STATISTICS.

A Few More Facts Furnished by Books on File in the County Clerks Office—Figures Showing the Number of Horses, Mules, Cattle and Sheep, Assessed for the Year 1881; Also the Amount at Which They Are Valued.

An examination of the county assessor's books for the year enables us to furnish our readers with a few figures concerning the amount of live stock in the different precincts of this county. One of the most noticeable facts developed by an examination of the above books is the small amount of property accumulated by the colored citizens of the county.

In the first list below will be found the number of horses and mules in the county with their valuation.

	Number of horses	Valued at
City of Maysville	182	\$9,170
Dover	252	9,829
Maysville No. 1	256	11,145

Lewisburg	802	30,280
Mayslick	1,040	37,420
Total	6,000	239,150
To the above figures add	300	6,900
given in by the negroes and we have	6,503	\$245,540

By calculating from the above we find that the average value of the horses and mules of the county is a little more than \$40 per head.
